

CONVEY HD-50 and HD-50 Plus

DIESEL FLOOR SCREED PUMP

TECHNICAL DATA:

MODEL	Ref N°	Engine	Compressor	Pumping Output	Pumping Distance	Pumping Height	Filling Height	Dimensions (LxWxH)	Weight (kg)	
HD 50	0198220	36 KW	4,6 m ³ /min a 8 bars	4 m ³ /h	aprox. 180 m**	30 floors**	900 mm	4630 x 1650 x 1470	1720	
HD 50 T	0198221			5 m ³ /h			420 mm	5050 x 1650 x 2300	1830	
HD 50 TP	0198222			6 m ³ /h			420 mm	5050 x 1650 x 2300	1890	
HD 50 Plus	0198223	48,5 KW*	5 m ³ /min a 8 bars	4,2 m ³ /h**			50 floors**	900 mm	4630 x 1650 x 1470	1730
HD 50 T Plus	0198224			5,2 m ³ /h**				420 mm	5050 x 1650 x 2300	1840
HD 50 TP Plus	0198225			6 m ³ /h**				420 mm	5050 x 1650 x 2300	1900

* Equipped with 4 fans and bigger radiator.

** Depending on consistency, quality and mix of material, model and situation of pump, diameter and length of hoses and pumping height.

TECHNICAL DATA and SERIAL EQUIPMENT:

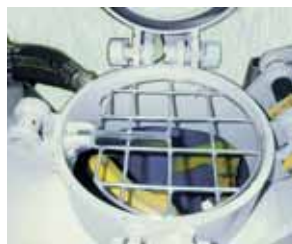

- Deutz engine with revolution control 2000 - 2850.
- Vessel 260 l TÜV certified.
- Silent: minimum noise level - soundproof hood.
- Towing system, strong axle of 1950 kg, braking system and adjustable jockey wheel (depending on order).
- High quality paint following norm ASTM B 117/85.
- More power and less fuel consumption due to geared motor-compressor-unit.
- Easy maintenance and access due to new design.
- Exhaust pipe with outlet to bottom to the opposite of the operator.
- Patented radiator system for easy cleaning.
- Warranty certificate.
- Tools and cleaning tools.
- Automatic greasing system.
- In skip and scraper model including radio control.
- Additional air outlet.
- 2,2 bar stop system.
- Instruction manual and parts book.

RECOMMENDED EQUIPMENT (on order):

- Tripod (several models)
- Ref. 38312 Transport hose 65 mm. (20 m) with couplings
- Ref. 38314 Transport hose 65 mm. (20 m) with coupling for tripod
- Ref. 30630070 Working light
- Ref. 48112 Cable (15 m) remote control
- Ref. 003012610 Jetwash for HD 50/07 standard

Always use original Spare parts and tools.
Due to continuous improvement and development all machines can be modified without previous advice.

Our distributor:

Grill safety system.

Safety valve.

Low filling height.

Scraper with remote control.

Patented radiator system.

Soundproof hood.

Easy access.

Automatic greasing system.

Exhaust pipe on opposite side to operator.

Easy control.
